Record Meetings and Planning Sessions

Meeting Recorder 9 is designed for board secretaries, clerks, and business managers who regularly attend formal meetings. Meeting Recorder 9 provides instant recall of any meeting detail. Speed preparation of meeting minutes and facilitating review of meetings with participants.

Within minutes, anyone can start benefiting from the enhanced productivity that digital recording provides:

- ▶ Meetings are more productive with commitments recorded
- ▶ Technical discussions can be reviewed in detail any time
- ▶ Track action items and deliverables for accountability
- ▶ Export notes to formatted Word minutes document
- ▶ Share discussions within workgroups
- ▶ Improve communication with customers and partners

Easy To Learn and Use

Install SoniClear software on a Windows computer, plug in the microphone, and click Record. Meeting Recorder 9 captures clear digital audio while being simple to run, just like a handheld recorder.

Meeting Recorder 9 Software
Record meetings on any Windows computer for clear, digital sound. Speed and convenience combined with simplicity and ease-of-use.

Digital Recording in 3 Steps
1. Install SoniClear software
2. Plug in the microphone
3. Click the Record button

Record 12 Hours
Records up to 12 hours continuously. No need to worry about running out of space on handheld recorders.

Archive and Share Recordings
Share recordings on a network folder, flash drive, or CD for review by meeting participants.

Meeting Recorder 9 Key Features

Save Time Every Day

Meeting Recorder 9 makes it easy and affordable to capture meeting information in high-quality digital audio recordings.

- ▶ Easy to use, just like a handheld recorder
- ▶ No more juggling recording disks or tapes
- ▶ Hear even the softest voice with digital audio
- ▶ Fast note taking to highlight important events
- ▶ Export notes to Word document
- ▶ Pre-load agenda and common phrases
- ▶ Point and click to share meetings on network
- ▶ Create meeting minutes faster and easier
- ▶ Optional transcription using SoniClear Cloud

Take Notes and Produce Minutes

Notes can be entered easily during and after the meeting to create an outline of agenda items, discussion points, action items, motions, and votes. Meeting Recorder 9 makes it easier to produce meeting minutes with features like foot pedal support, slow playback and VoiceBoost audio enhancement for maximum clarity and intelligibility.

Create Archives for Easy Access

Meeting recordings are stored in digital files for duplication on CD. The archived recording saves time by reducing the need for detailed meeting minutes. Just point and click for immediate access to any detail covered in a meeting.

Meeting Recorder 9 uses industry-standard digital audio files for reliable, permanent storage.
