Microsoft Surface Tablet Computer
Hardware security for confidential recordings
Directly Replace Handheld Recorders
Easy to Use With Familiar Controls
Hear Every Word with Clear, Digital Sound
Auto Archive Recordings to Network
Play from Tablet or from Any Computer

A Complete Digital Recording System

Tablet Recorder 9 captures clear digital audio while being simple to operate, just like a tape recorder. No special setup or training is required. Turn on the computer, plug in the microphone, and press the Record button.

Advanced Technology

Ideal for converting from handheld recording devices or tape recorders. Easily replace with Tablet Recorder 9 for the most advanced digital recording, reliability, and security.

Ready To Use

Tablet Recorder 9 has SoniClear software pre-installed and is ready to use straight out of the box. Select Gov Recorder 9 for recording government and business meetings, or Court Recorder 9 for administrative hearings, courts, and depositions.

The included computer microphone is ideal for recording in smaller rooms. Various microphone options and multichannel mixers can be added to handle any recording requirement.
