Complete Kit of Video Components
SoniClear Video Recording Kit has everything you need to start video recording quickly and easily. Install the software on a Windows computer, plug in the included video hardware, and start recording.

Enhance Audio Recordings with Digital Video
SoniClear Video Recording Kit with the Axis camera option allows you to see all the participants, making speaker identification easy.

Replace DVD Recorders
Replace mechanical DVD equipment with the Video Recording Kit. Switch to SoniClear video recording using Windows computers for easy archiving, transcription, review, and on-demand webcasting.

Hardware and Software Options
Choose from several standard video kits, or customize for any application. Software options include Gov Video Recorder 9, Court Video Recorder 9, and Interview Recorder 9. Also available as a kit for upgrading SoniClear audio software.

Synchronized Audio and Video Recording, Playback, and Archiving at the Click of a Button
**Video Recording Kit Options**

**Video Recording for Any Application**

The SoniClear Video Recording Kit includes all camera, audio, and mounting hardware needed for recording with SoniClear software. Customization available for specific requirements.
